

MUHAMMAD WASI ABBAS

COMPUTER SCIENCE UNDERGRADUATE

Wasiabbas701@gmail.com

+92 318 5711530

House 25, Street 43,
Jinnah Gardens Islamabad

PROFESSIONAL SUMMARY

Dedicated and enthusiastic Computer Science undergraduate with a strong foundation in programming, algorithms, operating systems, cybersecurity, and artificial intelligence. Skilled in Python, C++, SQL, MATLAB, and parallel computing technologies. Actively participates in technical competitions, workshops, and professional development programs to enhance practical knowledge and problem-solving abilities.

EDUCATION

Bachelor of Computer Science (BSCS)

Capital University of Science & Technology (CUST),
Islamabad

- Current Semester: 6th Semester
- Expected Graduation: 2027
- CGPA: 2.99

Intermediate (ICS - Computer Science)

Bahria College Anchorage Islamabad (FBISE)

- Year of Completion: 2023
- Percentage: 79%

Matriculation (Science)

Bahria College Anchorage Islamabad (FBISE)

- Year of Completion: 2021
- Percentage: 90%

ACADEMIC PROJECTS

Smart Gym Workout Progress Tracker

- Developed a MATLAB-based project utilizing numerical methods for workout and fitness progress monitoring.
- Implemented Bisection, Newton-Raphson, Regula Falsi, and Secant numerical methods.

Ai-Based News Classification and Sentiment Analysis

- Built machine learning models using Python for text classification and sentiment prediction.
- Performed preprocessing, feature engineering, model training, and evaluation.

MPI Parallel Programming Applications

- Implemented distributed computing solutions using MPI.
- Developed inter-process communication and synchronization programs.

CERTIFICATIONS

Cisco Networking Academy

- Introduction to Python
- Operating Systems Basics
- Web Application Development

University Certifications

- Participation Certificates in Technical Competitions
- Workshop Participation Certificates
- Academic Event and Competition Certificates

National Financial Literacy Program for Youth (Certificate No. 567874297)

- signed by "Project Director NFLP-Y Salman Shehzad"

TECHNICAL SKILLS

Programming Languages:

- Python
- C++
- C
- HTML
- MATLAB
- SQL

Technologies & Tools:

- MySQL
- SQL Server
- Google Colab
- MPI (Message Passing Interface)
- OpenMP
- Microsoft Office
- Visual Studio Code

Relevant Coursework:

- Artificial Intelligence
- Data Analysis
- Information Security and Forensics
- Computer Architecture
- Computer Organization & Assembly Language
- Web Application Development
- Parallel Computing
- Database Management System
- Operating System
- Data Structures
- Graph Algorithms
- Numerical Computing
- Computer Networks
- Software Engineering
- Theory of Automata and Formal Languages

AREAS OF INTEREST

- Artificial Intelligence
- Data Analysis
- Cyber Security
- Web Development
- Numerical Computing
- Parallel Computing
- Database Management

Achievements & Activities

- Successfully completed Cisco Networking Academy professional courses.
- Participated in university-level technical and programming competitions.
- Attended technical workshops and academic seminars related to Computer Science.
- Actively engaged in collaborative academic projects and team-based problem-solving activities.

Soft Skills

- Problem Solving
- Critical Thinking
- Team Collaboration
- Communication Skills
- Time Management
- Leadership
- Adaptability

Languages

- Urdu (Native)
- English (Professional Working Proficiency)
